## WHAT IS THE TITLE IV-E SUMMIT?

The CalSWEC Title IV-E Summit is the result of two popular conferences that formerly convened separately—the Title IV-E Student Day and the Summer Institute—coming together for the first time as one inclusive gathering for IV-E partners and students.

## WHAT ARE THE SUMMIT GOALS?

- To enhance equity for diverse communities by supporting skill building for holistic practice, addressing implicit bias, and working with intersectionality;
- To learn from individuals impacted by the child welfare system and their perspectives on creating change to enhance equity; *and*
- To support implementation of the California Child Welfare Core Practice Model.

## WHO SHOULD ATTEND?

We're looking forward to seeing:

- Title IV-E Students (*see your Project Coordinator for more information*)
- Title IV-E Project Coordinators
- Deans, Directors, and Faculty
- Field Directors
- Field Liaisons
- Agency (CW/Tribal) Directors
- Intern Coordinators
- Field Instructors
- Other Title IV-E Partners

*Sponsored by CalSWEC with partial funding provided by the California Department of Social Services*
